CAREER OBJECTIVE

I am a upcoming developer finishing my degree in computer science at
The University of Nebraska at Omaha. I am seeking a position that will
advance my knowledge in this field and introduce opportunities for me
to strengthen my skillset. I am excited to begin creating and maintaining
programs that will drive positive results.

MY PROJECTS

Personal Website:
I am using my skills in HTML/CSS and JavaScript to develop a personal
website.
Kart Racing Game:
I created a game using Unity using C# where players race karts against
AI.
Runtime Algorithm Learning Tool:
I'm leading a team in creating an application for educators focused on
teaching young developers runtime complexity.
